

Piper Console By Bontempi Casa

VOYAGER

“The Piper console exudes a refined graphic essence, defined by its slender components: a solid yet lightweight metal structure and a leather element beneath the top”

Design by Pio & Tito Toso

The Piper console exudes a refined graphic essence, defined by its slender components: a solid yet lightweight metal structure and a leather element beneath the top. This leather part, with its arched shape, introduces a functional yet sophisticated touch, softening the console's geometry. The anchoring of the leather compartment, in the form of tapered tubular supports, is visible on each side of the frame, adding a distinctive stylistic detail.

Finishes: Enquire Now for details or view the schematics

Lead time: Made to order. Approximately 20-24 weeks from Italy.

Prices, availability, lead times, dimensions and product information listed are subject to change without notice. This document was created on 29/Jun/2024 at 12:26 PM.
