Amura is not just a brand, but a research laboratory always in relation to the people who live and interpret it. Thanks to these values has expanded the range of products by adding the River collection, completely dedicated to our four-legged friends. It consists of 3 versions with different diameters, for pets of all sizes Let your puppy rest in style, River consists of a cylindrical structure available in wood or metal, a soft and round cushion that wraps and pampers. Without ever forgetting, a design based on form and function: the cushion cover is a stain-resistant, breathable and water-repellent fabric, while the minimal and balanced structure is enriched by a leather seam.

Finishes: Base: in various marbles finishes Top: in various marble or wood finishes Structure: metal in various colours

Lead time: Approximately 20-24 weeks from Italy.
