“Vienna reinterprets the classic tubular metal chairs.”

Designer: Quaglio & Simonelli

Vienna reinterprets the classic tubular metal chairs. The leather treatment enriches it with precious, functional and aesthetic details at the same time, that reminds of the leather goods universe. A belt supports the backrest, attaching to the armrests, while a soft detail is drawn by the leather that falls on the front of the seat, allowing you to hide the reinforcing cross bar.

ITA

Vienna reinterpreta le classiche sedie in tubolare metallico. Il trattamento del cuoio arricchisce di dettagli preziosi, funzionali ed estetici allo stesso tempo, che ricordano l'universo della pelletteria. Una cintura sostiene lo schienale, agganciandosi sui braccioli, mentre un morbido dettaglio è disegnato dalla pelle che ricade sulla parte anteriore della seduta, permettendo di nascondere la sbarra trasversale di rinforzo.

ENG

Vienna is an original take on the classic chairs in metal tube. The treatment on leather enhances it with precious details, at the same time functional and aesthetic, which hark back to the world of saddlers. A belt holds the backrest, holding onto the armrests, while a soft detail is contoured by the leather that falls on the front part of the seat, hiding the transversal reinforcing sub-frame.
